Remember: You may only have a matter of minutes to an hour in the case of a fast moving wildfire. Take warnings seriously and begin to make preparations as soon as you are alerted that an emergency may develop. It is better to err on the safe side.

Plan now steps you would take in the event evacuation is necessary.

1. personal items
2. provisions for pets
3. provisions for alpacas
4. business paperwork - disc
5. other
